VOLUME CIX.--NO. 78. ALEXANDRIA, VA., TUESDAY EVENING, MARCH 31, 1908. PRICE 2 CENTS

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, because of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects *in any condition of the female system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

MINERS TO STRIKE.

The union miners in most of the coal fields of the country will lay down their picks and shovels tonight. Almost 250,000 of them will stop work in Ohio, western Pennsylvania, Missouri, Iowa, Kansas, Oklahoma, Arkansas, Texas, and probably in Indiana, Illinois, Michigan, West Virginia and Kentucky.

The mining contracts under which they are now working expire at midnight tonight, and, except in central Pennsylvania and in the Indiana block coal district, no contracts have been made, nor have the miners and operators yet entered into district agreements providing for the operation of the mines After April 1, pending agreement. This is a possibility in the Indiana bituminous coal district, in Illinois, Michigan, and West Virginia. The Indiana bituminous, western Pennsylvania, and Illinois miners and operators are in joint sessions at Terre Haute, Pittsburg and Springfield.

Technically, the miners will go out on strike, but in reality they stop work because the operators, except in Indiana and Illinois, show no real intention of meeting and treating with them, though no question of wage is at stake.

CANNON'S VOLLEYS IN VAIN.

Speaker Cannon and John Sharp Williams, bosom friends outside of the House and most vicious foes inside, glared at each other and declared open war yesterday afternoon when Williams, as leader of the minority, made good his threat of a democratic filibuster because the republicans won't take up the measures included in President Roosevelt's program. Speaker Cannon was trying to shut up shop for the day when he put a motion to lay aside the agricultural appropriation bill. Williams demanded a roll call and had enough support to force it. The republicans who had nearly all deserted the House had to be hunted up and hustled back to their seats to adopt the motion. A few minutes later Williams forced another roll call on a motion to adjourn and while the scattered republican members were again being hunted up Cannon nearly exploded with fury. He hammered viciously with his hand and then threw himself back in his chair, grinding his teeth and glaring at Williams through the long and tedious process.

Rheumatic Pains Relieved.

B. F. Crocker, Esq., now 84 years of age, and for twenty years Justice of the Peace at Martinsburg, Iowa, says: "I am terribly afflicted with sciatic rheumatism in my left arm and right hip. I have used three bottles of Chamberlain's Pain Balm and it did me lots of good." For sale by W. F. Creighton and Richard Gibson

STATE CROP PEST COMMISSION.

We have received a copy of the sixth report of State Entomologist J. L. Phillips, of Blacksburg, and also circulars Nos. 4 and 5 just issued.

The report deals, in a general way, with the work of the crop pest commission during the past two years, the inspection of orchards and nurseries, etc., and gives some statistics gathered by the office in connection with the inspection work, in the phenomomenal growth of the fruit industry during the past few years. Special attention is called to peach growing, the effect of peach yellows on the industry, the outlook for future development and the methods adopted in Michigan for control of this disease. Circular No. 4 deals with peach yellows and some other important diseases of the peach, and circular No. 5 with some special phase of the preparation and use of lime-sulphur against the San Jose scale.

Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. Sold by W. F. Creighton & Co.

CONDITIONS IN PORTUGAL.

Leaders, neither of the old aristocratic Portugese parties in Portugal, nor of the republicans are trying to conceal their alarm at the threat of former Premier Franco's return to power.

Conservatives are trying to buy his followers off by a division of offices with them. The republicans are preparing for a desperate resistance at the polls in the coming elections.

There is no longer any doubt that Franco is directing his own campaign from Genoa, whither he fled after the assassination of King Carlos. If he meets moderate success in the elections there is no question that he will return and immediately become once more a political power.

Kennedy's Laxative Cough Syrup acts gently yet promptly on the bowels and allays inflammation at the same time. It is pleasant to take. Sold by W. F. Creighton & Co.

Can you believe your senses?

When two of them, taste and smell, having been impaired if not utterly destroyed, by Nasal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it? It is applied directly to the affected air-passage and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Bros., 56 Warren Street, New York, on receipt of 50 cents.

FRESH GRAHAM FLOUR just received by J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, MAR. 31, 1908.

A RESOLUTION was introduced in the House yesterday by Mr. Fuller, of Illinois, calling on the ways and means committee to report to the House a bill to repeal all duties on wood pulp and print paper, "to the end that action may be taken thereon at the present session of Congress." "This multiplicity of bills doesn't scare anybody," said Mr. Dalzell, of Pennsylvania, member of the committee on ways and means and on rules and the tariff chieftain of the majority. "There is no change in the situation," he continued. "And the commencement of the session the ways and means committee determined that there should be no tariff revision at this session. Nothing has occurred to change that decision and it stands." So there you are. The House of Representatives is supposedly a deliberative and representative body yet one man by reason of the position he holds in that body is enabled to block legislation, which a majority of the members of the House and of the entire people are anxious to have enacted into law.

MEXICAN manufacturers are begging their government to protect them from the competition of American manufacturers, though wages are lower in Mexico, than in the United States. They represent that our protective tariff enables American manufacturers to sell very cheaply in Mexico, and that they sell there for less than they do at home. If this be true it means that the tariff enables American manufacturers to extort unreasonable profits at home out of which they can defray the losses of selling to foreigners for less than cost. Do Americans, asks the Philadelphia Record, really suppose that it is an advantage to them to pay double prices for commodities in order that Mexicans may get the same articles for half price?

NONE of the explanations for high meat prices are satisfactory. If the working population is in any such condition as has been described the demand for meat must have fallen off materially. A good many men are out of employment and others are on reduced wages. Many families throughout the country that have had two or three breadwinners now have but one, and some of them not even one. Even if last summer's forage accounts for a reduced supply of meat, there should be a decreased demand that would make the cattle barons and the beef trust anxious to secure customers.

PRESIDENT COREY and Chairman Gary, of the United States Steel Corporation, make the statement in their annual report that orders are now being received on a basis more than 95 per cent. greater than at the beginning of the year. During the latter half of 1907 there was, of course, a marked falling off in business. Gross receipts for the year were $757,014,767, an increase of $60,257,841 over 1906, the net earnings were $160,964,673, and the surplus net income $69,179,835, an increase of $6,437,000.

IT IS stated that Ashland may be sidetracked by the R., F. & P. R. R. as soon as surveys are completed. The new line contemplated will pass to the west of the town, leaving the present main track some distance north of Gwathmey, and striking it again about a mile north of Ashland. It is understood that the station will be from a quarter to a half mile west of the present track. This is similiar to the treatment accorded Alexandria by the railroads and up to the present writing no one in authority has protested.

THE general reduction of 10 per cent. in the wages of New England cotton mill operatives, which was recently decided upon, became effective yesterday in mills employing 60,000 persons and smashed to smitherenes the statements of the republican leaders that "good times are with us."

PRICES of meat are higher than at any time since 1883.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., March 31.

President Roosevelt and Secretary Taft have refused to grant the request of Mrs. William F. Stewart, of this city, that her husband, Col. Stewart, of the coast artillery corps, be withdrawn from isolation at Fort Grant, Ariz., and restored to duty in command of a regular coast artillery post. For several weeks Mrs. Stewart has been active in a campaign in her husband's behalf. The case rests entirely with the President, who has announced his decision that the reasons for detailing Col. Stewart to the inland fort in the wilderness still exist and he will remain there indefinitely, unless he shall see fit in the meantime to tender his resignation, which would be promptly accepted by the authorities. The case of Col. Stewart is unique in that he has been sent to the abandoned military post, where there have been no troops stationed for some time because the officers here know of no other way to handle his case. Records of the War Department show that there has been a lack of discipline at every post where Col. Stewart has been stationed for the past several years, but the department has been unable to find charges sufficient on which to bring about a court martial.

The President today sent to the Senate the names of Arthur M. Beaupre, of Illinois, to be minister to the Netherlands and Luxemburg, and Spencer F. Eddy, of Illinois, to be minister to the Argenttne Republic.

Since the necessary appropriation was agreed upon by Congress yesterday, the Navy Department is able to see its way out of the labor difficulty in the Washington navy yard by furloughing 200 men for a period of ninety days each for the next ten or twelve months, instead of being compeled to discharge approximately 2,000 men, as would have been necessary had the appropriation not been granted. This means that between 800 and 1,000 men will lose ninety days time each.

Practical agreement has been reached by Secretary Root and Ambassador Bryce, of England, upon the treaties now under consideration between the two governments, and most of them will be signed, it is expected, within the next week.

When the special committee investigating Representative Lilley's charges of corruption of Congress by the Electric Boat Company convened today, Mr. Lilley showed that he had utilized the committee and long recess by digging up additional data. He submitted an exhibit to show that former Senator M. C. Butler, of South Carolina, received from the Electric Boat Company a total payment of $12,366.66. Mr. Lilley's argument is that such a sum would be an extravagant price for legal services and shows that Butler was employed because the company thought he could influence legislation regarding submarines. Mr. Lilley also made a demand that expert accountants be put on the books of the Electric Boat Company, claiming that such a policy must be followed in order to get at the real facts shown by the books. He then submitted a formal demand that Rear Admiral Capps be recalled to the stand to testify on the cost of submarines to the United States navy. In this written request he said the committee had not put to Capps the questions he suggested.

Bulletins from the bedside of Senator Penrose are to the effect that he has reached the convalescent stage and every hope is now entertained for his recovery.

Mr. Carlin has introduced bills in the House granting a pension to William Kilby; granting a pension to P. J. Giles; granting a pension to Samuel H. Reeder; to provide for the payment of the claim for clerical assistance of F. L. Brenizer, postmaster at Dunn Loring, also a bill for the relief of James Downs and heirs of William Downs, sr.

Senator Elkins, chairman of the committee on Interstate Commerce, today introduced a resolution to relieve railroads which mine and carry their own coal or other products, from the operation of that section of the railroad rate law which requires them to get rid of their mines, etc., by May 1.

Recognizing that the anti-pass provision of the Hepburn railroad rate bill, had been drawn a little too rigid, the House committee on interstate and foreign commerce today agreed to report a Senate bill letting down one or two of the top bars.

Sixtieth Congress.

Washington, Mar. 31.

SENATE.

Vice President Fairbanks laid before the Senate the resolutions adopted yesterday by the Brotherhood of Locomotive Engineers indicating their preference for certain pending bills and opposition to others. It was read and printed in the Congressional Record.

The correspondence and papers regarding claims of American citizens in Venezuela were laid before the Senate and referred to the committee on foreign relations.

In his letter of transmittal, the President made no suggestions or reccommendations. The information was sent in answer to a resolution introduced by Mr. Lodge, and adopted by the Senate.

Senator Johnson introduced a resolution instructing the Department of Commerce and Labor to investigate the United Fruit Company and its allied concerns, to determine whether a monopoly exists to control the importation of tropical fruits. He read some papers on the subject. He also desired to ascertain whether any Central American republic is interested in the United Fruit Company.

HOUSE.

With the introduction in the House today of a campaign publicity bill by Mr. McCall (rpn. Mass.), the fight for such a law comes sharply to the front. The bill is fathered by Perry Belmont, President of the National Publicity Bill Organization. With a solid minority behind the bill, and a number of republicans of the McCall school giving their support, Belmont is quite cheerful about its passage. He declared that the talk about a tariff commission and government regulation of corporations are to his mind simply bids for campaign contributions. "It becomes, therefore," said the New Yorker today, "virtually important that such contributions in this particular presidential election be made public by law."

Just to tantalize the republicans, minority leader Williams, when the House met today, compelled the Speaker to call for a rising vote on the formal motion "to go into committee of the whole" to consider the agriculture appropriation bill. The democrats were in a hopeless minority, the vote being a party one.

Then the Speaker waited half a minute for Mr. Williams to carry his filibuster further by demanding a roll-call. Mr. Williams, however, was in a humor to keep the republicans guessing and let the overwhelming majority prevail without further obstruction. The play seemed to amuse Williams immensely.

All attempts of western representatives to amend the agricultural appropriation bill so as to limit the discretion of the forest service in granting right of way for water mains over the forest reserves met with defeat.

During the debate Col. Hepburn demanded that certain representatives stop "grafting everything that remains of the great "ofreste."

Yukon Gold.

New York, Mar. 31.—Yukon gold, which Thomas Lawson of Boston promised in alluring advertisements would go to ten and fifteen, opened on the curb this morning 5⅛, rose to 6, and quickly fell back again to 5½. There was but trading in it and there seemed many more selling orders than buying on hand.

News of the Day.

Notice of wage reductions of ten per cent. were posted today in four more big Rhode Island mills.

The Senate, in executive session, yesterday ordered suppressed a public document in which prominent men are attacked.

Because Harvey Davis, a Cumberland Valley freight brakeman, at Hagerstown, Md., slapped his wife's face, his stepdaughter, Edna Hale, aged 18 years, shot him twice. After the shooting the girl disappeared.

Gov. Johnson, of Minnesota, gets the only pledged delegates from Boston city, according to the papers filed today with the democratic city committee for the democratic State and congressional conventions. All the other delegates from the State are unpledged.

Democrats from all parts of Missouri, to the number of 2,000, attended a dollar banquet in Kansas City last night under the auspices of the Young Men's Democratic Club of Missouri. William J. Bryan and Judson Harmon were the guests of honor and principal speakers. Some 15,000 persons thronged the hall as auditors and cheered the speakers.

Disagreement between Mme. Gould and her sister Helen on the subject of the desirability of the Prince de Sagan as a husband for the former, has reached such an acute stage, it was said yesterday by those close to the sisters, that Mme. Gould's is expected today to leave her sister's house, at 579 Fifth avenue, New York, where she has been a guest since her arrival in this country, and move to some apartment hotel.

The Southern Railway Company announces that, in order to meet the competition of various lines in the southeastern territory, it has taken steps to at once establish over its whole system an open party rate of 2 cents per mile per capita for parties of ten or more traveling together on one ticket. This action according to Secretary Edward Moseley, of the Interstate Commerce Commission, and President Finley, of the Southern, does not have to be approved by the commission, and, in consequence, no notice of the establishment of a new rate was filed with that body.

CONGRESSMAN IN A FIGHT.

Representative Frank Clark, of Florida, and Mrs. Clark were passing through a revolving door in the lobby of the Hotel Varnum, Washington, yesterday afternoon, when a third person, whose name is said to be Horan, attempted to enter the hotel. In his haste the stranger gave the door a whirl, and Mrs. Clark's hand was caught between the door and the framework and bruised. Thereupon the Representative from Florida undertook to remonstrate with the uncivil stranger.

Representative Clark, in a torrent of words, impressed upon the man that revolving doors are not constructed for the purpose of furnishing amusement, or to be operated with the force of a windmill. Mr. Clark's remarks evidently did not favorably impress the stranger, who struck the Florida Representative, and a moment later a rough-and-tumble fight ensued.

Mr. Clark caught the stranger by the nose and twisted it.

Realizing that he had consciously or unconsciously inflicted a painful injury upon Mrs. Clark, the man attempted to apologize, but the Representative would not tolerate his presence. He again went at his assailant, when bystanders stepped in and stopped the row.

Mr. Clark has a discolored lump over his left eye.

WOMAN'S FOREIGN MISSIONS.

The first annual meeting of the Woman's Foreign Missionary Union of Chesapeake Presbytery will be held in the Presbyterian Church at Warrenton April 1 and 2. Rev. J. R. Sevier, of Alexandria, and Rev. L. F. Harper, of Bealeton, will occupy the pulpit. Thursday morning will be devoted to business and talks on the work. At 3 p. m. Mrs. Cummings, a returned missionary from Korea, will make an address and will exhibit many curios from foreign countries. Thursday night Rev. H. Pratt, of Washington, D. C., and Rev. Gaston Boyle, of Fredericksburg, a missionary to Brazil, will be in the pulpit.

A series of services will begin at the Baptist Church April 6. Dr. F. W. Fisher, pastor of the First Baptist Church of Alexandria, will assist the local pastor, Dr. F. R. Boston, and will preach every night during the week. There will also be services every afternoon.

RAN OVER BURNING BRIDGE.

Fast train No. 33, on the Southern Railway, ran through flames which enveloped every coach about 5 o'clock yesterday morning, in order to prevent being wrecked on the Bannister creek trestle, about four miles south of Chatham. The trestle was near a curve, and the engineer had to decide upon his action in a flash when he saw the structure was in flames. He moved his throttle to the speed limit and dashed ahead. Much of the woodwork of the trestle had been burned, but the rails remained in place until the train passed. The fire caught from a passing train. The damage was repaired temporarily and the trains were not delayed more than six hours.

Two Men Shot.

Brockton, Mass., Mar. 31.—Two bullets found lodging place in the anatomy of Henry Bouchard and Henry Souses when Joseph Coutomso, aged 28, during the noon hour when hundreds of employes in nearby factories were watching. After the attack and subsequent shooting, Coutomso wheeled and with a revolver in one hand and knife in the other rushed down Court street and reached the railroad tracks and fled, pursued by a mob of a hundred men and boys. The police patrol captured the man after a long chase. He was taken to police headquarters, followed by a crowd who cried "lynch him."

Body Identified.

Mobile, Ala., Mar. 31.—Mrs. Cecil Riddle, of this city, today identified the body of the man shot and killed a few nights ago at Bilox, Miss., after a running fight with the police who took him for a bugular, as that of her husband, George A. Riddle. Mrs. Riddle says the man had relatives in Memphis, Tenn., Austin, Tex., and that his home was in Dallas Tex., where his father lives. She was so prostrated with her discovery that she could give no very clear account of her husband's actions.

Virginia News.

Gov. Swanson today celebrated his 46th birthday.

The old Van Lew mansion, in Richmond, is to be transformed into a sanitarium.

The residence of R. T. Kelly, in Culpeper county, was destroyed by fire a few days ago.

Captain William Aylett Ashby, of Culpeper, died yesterday at the Virginia Hospital in Richmond.

W. H. Lewis, a former delegate in the legislature from Fauquier county, has been stricken with paralysis.

A notice was posted yesterday in the Norfolk and Western shops in Roanoke to the effect that in the future the shops will work every day in the week, but the time will be only eight hours a day the first five days and half a day on Saturday.

Mrs. Margaret Lavinia Dabney died on Sunday morning at the home of her youngest son, Mr. Lewis Dabney, in Dallas, Texas. She was the wife of the late Dr. Robert L. Dabney, a distinguished theologian, who was for a long time professor in the Theological Seminary at Hampden-Sidney.

Robert Faulkner, the negro who, several weeks ago, shot ten persons, including two young women in Richmond, died in the negro section of the city hospital yesterday, a suicide. Terror of the electric chair, the legal death for criminals ordered by the recent legislature, drove him to self-destruction.

The State democratic convention, figuring on a basis of one delegate for every 100 votes cast in the last presidential election, will be composed of 802 delegates—646 from the various counties and 156 from the cities. Richard Evelyn Byrd, of Winchester, speaker of the House, will, it is said, be made permanent chairman of the convention, which meets in Roanoke on June 11.

SOUTHERN METHODISTS.

The Baltimore conference, M. E. Church South, at is session in Roanoke yesterday morning, voted unanimously to leave the present denominational status of the Randolph-Macon system of colleges unchanged.

In the resolution as adopted, the conference avows its "moral ownership of the schools," but the proposition to amend the charter of the schools so that the conference might select the board of trustees was rejected. It is set forth that the conference cannot elect, nominate, or confirm members of the board of trustees.

The decision came after a debate that lasted four days. The first speaker on the Randolph-Macon system yesterday was Rev. Dr. H. Kern, who lauded the action of the board of trustees.

Rev. Dr. Duffey said whatever this conference should do would be satisfactory to all concerned. He then made a motion that Bishop Wilson be heard on this important measure, which was unanimously adopted. The bishop did not express his opinion, however, as after the reading of memorials of departed ministers had been concluded, the board of trustees brought in a revised report on the Randolph-Macon system, which was unanimously adopted.

The report of the Sunday school board was read and unanimously adopted.

At the evening session the standing committee on federation to meet a like committee from the Methodist Episcopal Church was named by Bishop Wilson. It consists of the presiding elders (whoever they may be) of the Baltimore, East Baltimore, Washington, Roanoke and Lewisburg districts.

The committee on temperance declared the Anti-Saloon League the best organization yet known with which to meet the drink evil. The conference, without a dissenting voice, voted to co-operate with it.

The joint board of finance made its report for the year. The amount raised for superannuated preachers is $16,850. Randolph-Macon College gets $2,197, a small decrease in the amount paid last year.

The lay missionary movement was launched by W. H. Talbott, of Gaithersburg, Md. The paper which the conference adopted suggested F. B. Thomas, of Roanoke, as head of the organization and W. H. Talbott as secretary.

THE PRIMARY PLAN.

An effort it is said will be made at the Roanoke convention to repeal the party primary plan. Judge R. T. W. Duke of Charlottesville is the man who is taking the initiative for the repeal of the plan. He made that statement before the meeting of the State committee in Richmond last week when the selection of the time and place for the convention was being discussed. He said he wanted the counties and cities to organize and select such methods as they might for the choosing of delegates to the convention. He came out with the unqualified declaration of war against the primary "in any form, shape or manner." The primary plan was inaugurated some four years ago and was made to accomplish a specific purpose—the defeat of Senator Thomas S. Martin. And it failed for the purpose for which it was created. The plan is unpopular. The chief objection is that it costs candidates too much to get into contests. Only men of means can offer for positions. It is known that one candidate for governor three years ago returned an expense account of just a few dollars less than the total salary of the four-years term in the executive mansion. Poor men are estopped from offering for any office. It costs $500 to stand for Congress in this district, to say nothing of the expense of conducting a campaign for four months, and there is the campaign to be made just as though there had been no expenditure of cash. In fact, two campaigns have to be made—one for the nomination and another for the election. The primary is strongly opposed in many parts of the State. Representative William A. Jones, the champion of the scheme, was in attendance on the State committee when the suggestion of Judge Duke was received with a volley of applause. Mr. Jones, however, made no statement.

Mr. John, Riba, of Vining, Ia., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. I have used them myself with fine results." Sold by W. F. Creighton & Co.

DIED.

At his residence, 211 south St. Asaph street, at 5.10 p. m., Monday, March 30, 1908, JOHN FORD TACKETT, son of John E Tackett, aged 60 years. Funeral from the residence tomorrow (Wednesday) afternoon at 3 o'clock. Interment private. [Washington and Baltimore papers please copy.

Today's Telegraphic News.

Mme Gould and Prince de Sagan.

New York, Mar. 31.—Determined to submit to no interference with her matrimonial plans, Mme. Gould has arranged to move from the Fifth avenue home of her sister, Miss Helen Gould, where she has been visiting, with her three sons, George, Boniface and Jay, to apartments in the St. Regis Hotel.

There is good authority for the statement that the Gould family—George, Edwin and Helen, refused their sanction to the marriage at a conference with their sister last night.

It promises to cost Mme. Gould considerable money to wed the prince. She inherited about $15,000,000 under her father's will which provided, however, that she must forfeit half of it if she married without the family's consent.

They did consent to the marriage to Count Boni de Castellane. Boni spent so much, however, that George Gould was appointed trustee of the wife's estate. There was only some $12,000,000, left however, when he got it out of Boni's hands.

This $12,000,000 is doubly tied up by the provisions of old Jay Gould's will and the subsequent trusteeship, which would leave Mme. Gould only $6,000,000 in case she defies the Goulds' wishes now.

It is whispered that she has threatened legal proceedings, however, if an attempt is made to withhold the money from her.

From Hayti.

Port au Prince, Mar. 31.—The German cruiser Bremen returned today from Kingston to prevent Nord Alexis from expelling Manager Reinbold of Hermann & Co., from Hayti.

The Bremen's commander has not yet seen the Haytian chief executive but will wait on him late today or tomorrow to give warning that Germany will resort to force, if necessary, to protect the interests as well as the lives of her citizens in the black republic.

How the president can escape a humiliating surrender is not clear. He still insists, however, that he will yield to no one in protecting his government against conspiracies by foreigners in the country and is prepared to fight in case pressure is brought to bear on him.

The feeling against the whites is so strong that it is dangerous for them to stir outside their houses, and the landing of marines from the warships in port may be necessary at any time.

The number of refugees at the consulates continues to increase. They say a fresh outbreak against President Nord Alexis is only a question of a few weeks.

Mysterious Shooting.

New York, Mar. 31.—Jack Martin, well known former pugilist and sporting man, with a saloon in west Forty-second street, is dying at Roosevelt Hospital with a bullet in his back. He says he shot himself. Detained in the police station is a Mrs. Norris, formerly Nannie McCormick, of Cleveland, who is alleged by the police to have shot Martin despite his own claim that he shot himself. Schenider was called into the saloon today and found Martin lying on the floor and the Norris woman standing at the end of the bar with a smoking revolver in her hand. Dr. Phelps, of Roosevelt Hospital, was called and declared Martin would die. When told the man said he had shot himself the coroner declared he could not have done so inasmuch as the bullet entered the back below the shoulder blade. Mrs. Norris declared the saloon keeper was shot in a fight with a man whose name she did not know. Her husband, she said, was a partner of Martin and she had called at the saloon on business. She has been held for the coroner and to await the result of Martin's wound.

Man and Woman Murdered.

Cleveland, O., Mar. 31.—With police theories of murder and suicide practically exploded by the autopsies on the bodies of Miss Lena Zeichmann and Carl Bernthaler, the police today are working on the belief that the school teacher and music teacher were slain by a third party in the lonely woods Sunday night. Dr. Clyde E. Ford found Miss Zeichmann had been shot in the back and Bernthaler hit by a bullet which entered at his left collar bone and coursed down through his heart. Neither could have committed murder and suicide, according to Dr. Ford. Miss Zeichmann lived in fear of her life. So did her sister Antoniette, who is now Mrs. Garrard and lives at Laporte, Ind. Letters and other evidence show this. Marshal Brockway and Deputy Sheriffs Welch and Wallace today found a 32 calibre bullet mark on the fence about 12 feet from where the woman's body lay. Brockway believes Miss Zeichmann was running when shot and that the first bullet missed her.

Tetter, Salt Rheum and Eczema.

These are diseases for which Chamberlain's Salve is especially valuable. It quickly allays the itching and smarting and soon effects a cure. Price, 25 cents. For sale by W. F. Creighton and Richard Gibson.

Woman May Recover.

New York, Mar. 31.—At the Swedish hospital it was stated today that Mrs. Rose Randall, who was shot twice through the jaw by her husband, Frank Randall, last night, after which he blew out his brains, has a fair chance of recovery, although she will probably be unable to talk hereafter. One of the bullets practically severed her tongue, while the other smashed her jaw bone. Just what caused the shooting the police have been unable to determine. Mrs. Randall in a note which she wrote after the shooting declared she 'phoned for a policeman but failed to explained why she wanted the officer. Very little was known about the Randalls except that he was suppose to be a man of vast wealth. He was a public accountant and also reported to be a heavy speculator in Wall street.

HAIR SOFT AS SILK.

New Scientific Treatment Kills Dandruff Germs, and Makes Hair Soft.

It is an accepted fact, a proven fact, that dandruff is a germ disease; and it is a demonstrated fact that Newbro's Herpicide kills the dandruff germ. Without dandruff falling hair would stop, and thin hair will thicken. Herpicide not only kills the dandruff germ, but it also makes hair as soft as silk. It is the most delightful hair dressing made. It cleanses the scalp from dandruff and keeps it clean and healthy. Itching and irritation are instantly relieved, and permanently cured. "There's nothing "just as good." Take no substitute. Ask for "Herpicide."

Sold by Ernest L. Allen & Co., agents. Two sizes 50c and $1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 135

Ambassador Tower Resigns.

Washington, March 31.—It was announced at the White House today that the resignation of United States Ambassador Tower has been received to take effect June 1.

The President has accepted the resignation and sent the nomination of David Jayne Hill for the post to the Senate this afternoon.

The Senate will refer the nomination of Dr. Hill to the committee on foreign relations. There is a strong likelihood that members of this committee close to the administration will take occasion, before reporting the nomination back to the Senate, to inquire confidentially at the White House and the State Department for full information as to the recent diplomatic tangle. The committee will wish to be assured at first hand, not only that Hill is properly qualified for the post, but whether his appointment will be acceptable to the German government. Under seal of secrecy, the President will doubtless impart to the committee the facts in the controversy. These will not be made public nor disclosed to the Senate. A mere report from the committee favoring confirmation of the nomination will be accepted by the Senate as an assurance that nothing has been learned by the committee that would impair the usefulness of Dr. Hill as the official representative of the United States government at the German capital.

The Japanese Boycott.

Tokio, Mar. 31.—The Japanese foreign office has notified the Pekin government that the latter does not seem to be making much effort to check the anti-Japanese boycott which is spreading alarm throughout China. Unless the Chinese authorities act more effectively, the foreign office warns them, China will be required to indemnify Japanese commercial houses for any losses they sustain through the movement. An "I told-you-so" attitude is being assumed by diplomats here, who insisted when the Tatsu Maru incident was settled that Japan would surely find a new pretext for a quarrel and predict that the Mikado is now trying to turn the boycott to account as justification for hostilities.

Man and Woman Murdered.

Cleveland, O., Mar. 31.—With police theories of murder and suicide practically exploded by the autopsies on the bodies of Miss Lena Zeichmann and Carl Bernthaler, the police today are working on the belief that the school teacher and music teacher were slain by a third party in the lonely woods Sunday night. Workmen Buried in Debris.

New York, Mar., 31.—Two workmen were probably fatally injured and thirteen less seriously hurt in the collapse of the ceiling and part of the gallery of the old Madison Square Theatre in west Twenty-fourth street today. The building is being torn down to make way for a new office building, and fifteen men were at work under the gallery when it came down. They were caught under the debris and several completely buried. Firemen and policemen were called to the rescue and ambulances summoned from several hospitals. The first two men dug out were unconscious and it is feared they will die. All the other victims were finally rescued without serious hurts.

Horses Stampede.

Providence, R. I., Mar. 31.—More than 100 horses turned loose to save their lives caused a panic on Washington street during the progress of a fire. The animals ran wild for several hours, greatly hampering the work of the firemen and trampling a number of spectators. So far as can be ascertained no one was seriously hurt. For a time the fire seemed to threaten the whole business centre of the city but was finally extinguished about noon after it had caused $125,000 damage.

New York Stock Market.

New York, Mar. 31.—The threatening soft coal strike, uncertainty about arrangements for providing for Erie notes, and an expected reduction in the Atchison dividend were factors and caused some heavy selling for both long and short account. The combined pressure caused declines in the first hour for nearly everything traded in, ranging from 1 to 1½ points.

Reports of sales of Erie notes at 32 increased uneasiness in the market.

Apartment House Destroyed.

Chicago, Mar. 31.—Fire destroyed the Aldine, a four-story apartment house at Aldine avenue and Clark street, early today. The building was occupied by forty families, but all escaped unhurt.

Postoffice Safe Robbed.

Stowe, Vt., Mar. 31.—Burglars today blew open the safe in the local postoffice and got away with about $500 in cash and stamps after driving off the only person who attempted to interfere with a fusillade of shots. Then the burglars ran, taking their plunder with them, and by the time the constable was notified they had disappeared. Thus far the police have not been able to find a clue on which to start the thief hunt.

The heroism of Miss Mary Sapp, night attendant at the Maryland Asylum and Training School for feeble minded children at Baltimore, probably saved the lives of the fifty children in the institution during a fire panic early last night.

Burial of Gillette.

Auburn, N. Y., Mar. 31.—Chester Gillette was buried this afternoon. His body lies in the eastern slope in Souls' cemetery, just outside of Auburn. His grave was one of the first dug in a newly-opened addition to the grounds.

A little crowd of less than a dozen gathered for the last service about the inexpensive oak coffin in which the body rests. There were the Gillettes—father and mother and their son and daughter, Paul and Lucille—Miss Bernice Ferrin, the clergyman, the Rev. Henry McIlravy, his assistant, Frank Hartmann, and two grave-diggers. The cemetery authorities kept all others from the spot.

There was a nipping March wind and the mourners shivered as the mother knelt beside the grave and prayed. Then they sang. Gillette himself had chosen the hymn—"Abide With Me." "Joy cometh in the morning," and "Till He Come." The last was a secular song—"A Little Boy Called Taps". It had always been a favorite with the mother and Gillette wanted it among the hymns. He had also marked the passages he wanted read from the Bible and the clergyman recited the words solemnly. As his voice died away Mrs. Gillette dropped on her knees and prayed again for the salvation of her dead boy's soul, and even the grave-diggers wiped their eyes as they listened. "Oh, my poor boy," said Mrs Gillette as she took a last look at him, "I can't touch your face now. They wouldn't even let me kiss you good bye." Mrs. Gillette was so much overcome by the funeral that she cannot leave with the rest of the family for Zion City, Ill., tomorrow, but will join them there later.

AMATEUR FISHERMEN SHOT.

Five men were shot and more or less injured yesterday in the river opposite the Dyke by George Hockman, who has an ark and a net at that place. It seems that Benjamin Shacklett, W. G. Cormany, Lee Watkins, a man named Moore and another, whose name could not be learned, went from this city to the Dyke yesterday, and while there requested Hockman to go with them on a fishing trip. He declined, and later the men took Hockman's boat and net and rowed some distance from the shore where they laid out the net. Hockman, upon learning what the party had done, seized a No. 8 gun, loaded with No. 6 shot, and discharged it at the party. Shacklett, Cormany, Watkins and Moore were struck on their backs by the shot, but another man in the party had shot embedded in the face and in one of his ears. Four of the men returned to this city, but the man most seriously injured remained at the Dyke. Officers Beach and Garvey heard of the shooting and were at the electric railway station when the four men arrived. The officers, however, could do nothing, as the shooting occurred in Fairfax county.

PLEASURE CRAFT.

The sporting element of the city's population will be well represented on the river this season, as there are more yachts—with power and sail—owned by Alexandrians now than ever before. In a walk from Jones's Point on the south to Dean's shipyard on the north the shore is lined with boats of every description. The owners are getting them ready for the season and anticipate much pleasure. The speed boat contingent are constantly adding to their number of boats which are expected to excel those of last year. Many of the older boats are being repainted and repaired in order to be in the swim. The Runaway, which was reported as being wrecked is being placed in condition for her usual summer outings and will be in commission in 30 days. Not alone this but about 25 small sail and row boats are being built in different sections of the city.

CHARGED WITH ROBBERY.

Harry Fisher, Henry Hall, and Clarence and Lawrence Bright were arrested yesterday by Chief Goods and Officers Beach, Gill and Ferguson on suspicion of robbing the store of Mrs Cornell, near the Stone Bridge. The robbery was committed about a month ago. The accused was arraigned in the Police Court this morning, but no evidence could be secured upon which to base a conviction. It was shown, however, that the four youths were in the neighborhood about 12 o'clock on the night of the robbery. The two Bright boys and Hall were dismissed, but Justice Caton decided to send Fisher to the reform school. He, it was alleged by the officers, turned State's evidence yesterday, but this morning he told a different story before the Police Court. This was the only case on the docket today.

ELECTION OF OFFICERS.

The meeting last night of Alexandria Lodge No. 758, Benevolent and Protective Order of Elks, was largely attended and much interest was manifested by all present. After the transaction of some routine business the following officers were elected: Judge L. C. Barley, exalted ruler; D. E Robey, esteemed leading knight; Howard W. Smith, esteemed loyal knight; H. B. Quinn, esteemed lecturing knight; W. M. Donnelly, secretary; Charles J. Geisendaffer, treasurer; T. D. Downey, tiler; L. E. Shuman, trustees; Harry Fleischmann, delegate to the grand lodge; Jacob Brill, alternate. It is understood that an effort will be made during the next year to erect a handsome Elks' home in Alexandria.

STEAMSHIP CHARTERED.

The steamship Wilhelmena has been chartered by the Alexandria Chemical and Fertilizing Company to bring a cargo of phosphate rock from Port Tampa to this port, and it is expected that the vessel will complete taking abroad her cargo within the next day or two and will arrive here before the end of this week. It is within the last year that prosphate rock was brought to Alexandria in the hold of a steamship. The trip will be the second the Wilhelmena has made to Alexandria from Port Tampa, and this time she will bring more than 2,000 tons of the fertilizer material. She was last here about four months ago.

THE TOWN OF POTOMAC.

A meeting of the council of the town of Potomac was held last night at the Del Ray schoolhouse, Mayor J. E. Supplee presiding. Rules of order were read and adopted, and several committees were appointed. It was determined to hold regular meetings of the council on the second and fourth Mondays of each month. The clerk was directed to advertise for bids for the electric light franchise.

ROBBERY.

Mr. George Ayers's store on the south side of King street, between Fairfax and Royal, was entered last night by thieves who carried away several pistols, opera glasses, a half-dozen pearl-handle pocketknives and 270 old and rusty copper coins. The entrance was effected from a rear window.

DEATH OF JOHN F. TACKETT.

The many friends and acquaintances of Mr. John F. Tackett were shocked and grieved yesterday evening to hear of his sudden death which occurred at his home shortly after five o'clock. The deceased was in the garden adjoining his residence when death overtook him. He was seen to fall by passersby who hastened to his assistance and carried him into his house. Dr. Arthur Snowden, who had been summoned, arrived as soon as possible, but upon making an examination he found life was extinct. His death was caused by heart disease.

John Ford Tackett was born in Fredericksburg sixty years ago. He attended the High School taught by Cuthbert Buckner and at the age of 16 years entered the Virginia Military Institute where he graduated with distinction in 1868. He was in active service with the cadets during 1864 and part of 1865 in the valley of Virginia and in front of Richmond and was with the corps when they disbanded in April, 1865. He returned to the institute in September, 1865, and was graduated, as stated. He was educated for a civil engineer, but owing to the great losses of his father he entered the manufacturing business with him. In early manhood the deceased removed to this city and engaged in the dry goods business at the northeast corner of King and Pitt streets. Later the firm name was changed to Tackett & Marshall. Shortly after the death of Mr. Marshall Mr. Tackett removed to Norfolk where he conducted the dry goods business for a time. He subsequently returned to Alexandria, and of late he had been connected with a large dry goods house in New York.

Mr. Tackett was elected a Police Commissioner from the Fourth ward in 1895 and served in that position for four years. Besides his father, Mr. Tackett is survived by a widow, daughter of the late Townshend D. Fendall, and two daughters and a brother, Mr. Charles E. Tackett, whose home is in Fredericksburg The deceased was justly popular with all who knew him.

STOCKHOLDERS' MEETING.

A special meeting of the stockholders of the Merchants and Mechanics' Savings Bank was held this morning at which the capital stock was increased to $200,000 and the par value of shares to $100. The number of the board of directors was also increased to 33. The bank will absorb the Traders' National Bank, of Washington, and occupy the present site of that bank at Tenth street and Pennsylvania avenue northwest. The merchants and Mechanics' Savings Bank will continue its business at Seventh and G streets northwest. The meeting today was held at the office of Mr. Leo P. Harlow, 119 south Fairfax street.

WORK STOPPED.

City Engineer Dunn this morning stopped the work of erecting certain wooden frame work in the grounds of the Elks' Home on Prince street near Royal because a permit had not been granted and the erection of such work is in violation of the fire regulations. The frame was to have been covered with canvas and the framed structure was to have been used for the exhibition of moving pictures. It is understood that a sufficient number of councilmen will sign a paper granting permission for the continuance of the work.

UNSEEMLY CONDUCT.

About the time the devout of the city were returning from morning worship on Sunday last a number of Washingtonians alighted from an electric train at Prince and Royal streets and with them a keg of beer which they proceeded to roll down Prince street towards the wharf, seeking a place to tap it and enjoy the contents. Not finding a suitable place and the owners of various vessels being afraid of the Byrd law, they rolled it back again and boarded an electric car and wended their way to Four Mile Run.

BALTIMOREANS MARRY.

Miss Cora S. Sweeney, daughter of the late Louis D. Sweeney, and Mr. William W. Dauer, both of Baltimore, surprised their friends a few days ago by announcing that they had been married on February 1 at Alexandria, by Rev. William M. Poisal. Saying they were going to visit relatives, they eluded their friends, went to Washington and then to Alexandria, secured a license, were married and returned to their respective homes the same day. They decided last week to announce their marriage.

CONCERT.

The Seventeenth Virginia Regiment Chapter, United Daughters of the Confederacy, will give a concert this evening at the George B. Hill Memorial Hall, under the direction of Miss Blanche Rotchford, Mrs. George E. Warfield, Mrs. R. S. Cleveland and Miss Annie Henderson. The concert promises to be a success both artistically and financially. A large number of tickets have already been sold.

NEW SCHOOL BUILDING.

A special committee of the City School Board and the committee on streets of the City Council together with the City Engineer met last night and discussed the matter of a site and a new public school building. The committee will ascertain the cost of a suitable site and also the estimated cost of such a building and report to the School Board at an early date.

CASE CONTINUED.

Judge Harrison, of Winchester, was in this city today and heard arguments in chamber in the case of Stickley vs. the Southern Railway Co. from the Circuit Court of Alexandria county. The matter was postponed till the regular term of the court when judgment will be entered. It is understood, though, that it will be amicably settled.

TROUBLE SETTLED.

The threatened trouble at the Portner brewery has been amicably settled by a renewal of the contract existing between the company and the employees for another year. This will be gratifying information to all concerned.

SENTENCE CHANGED.

The sentence of Harry Smith, recently found guilty in the Corporation Court of breaking and entering a slaughter house and stealing a hog therefrom, has been changed from a penitentiary to a jail term of one year.

During the month the Clerk of the Corporation Court has recorded 26 deeds and issued 19 marriage licenses—12 to white and 7 to colored persons.

The Metropolitan Amusement Company put on some good reels at the Opera House last night which were greatly enjoyed by the large crowds which attended.

A fight between two men (brothers-in-law) took place last night in what is known as "Burying Ground Lane," on the southwestern confines of the city. Neither was seriously hurt, and it is said they became reconciled after the "mill."

The Baltimore Annual Conference of the Methodist Episcopal Church will open at Hamline Church, Washington, tomorrow morning at 10 o'clock. Bishop Earl Cranston will preside. Rev. W. W. Van Arsdale of Trinity Church, this city, will attend the conference.

A large and appreciative audience witnessed the Passion Play in motion pictures at the Alexandria Amusement Co's. place last night. The pictures will be shown again today and Wednesday. Owing to the extra expense for these pictures, there being 4 reels making a double show, the price is 10 cents.

Do not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is more danger of pneumonia Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by W. F. Creighton and Richard Gibson.

Opera House Moving Pictures

The Metropolitan Moving Picture Company,

Which exhibits the best moving pictures in this country and Paris, announces that the Opera House has been thoroughly renovated, and being provided with safe and easy exits on King and Pitt streets, offers the most satisfactory inducements to the lovers of moving pictures. The hall being large and commodious, every person in the audience has a clear view of the exhibits no matter where he or she may be seated. The reels are changed every night, and a well-known singer, who has rendered selections in New York and Washington, will sing up-to-date songs every night. There is no more pleasant way of passing an hour or so in the evening than in witnessing first-class moving pictures.

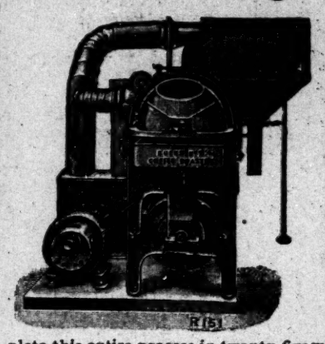
The Roasting of Coffee



Is by far the most important step in its preparation from the harvest to the table. This cut represents our roasting and milling outfit. Here the coffee is brought in direct contact with the flame, destroying all germs, thence to the suction cooler, which in two minutes drives into the center of every roasted bean the essential oils; after which it is delivered to the stoner. Thus we remove all substance foreign to our coffees, all chaff, stones, etc., and complete this entire process in twenty-five minutes.

Moslem Architecture.

The moslem architecture at Agra and Delhi, so splendid, yet so short lived, is so distinctive of a dynasty and so alien to the country as to be chiefly significant of the influence of the west on the east and stands alike in its permanence and in its feeling or ideality in remarkable contrast to all that was before it, is around it and has come after it. It is indeed curious how young India is in art and how old in her literature, her customs and her social framework. There is no social institution surviving in Greece or Italy that can in respect of age or of interest compare with the Hindoo castes, and there are no buildings or monuments in India that can boast an antiquity equal to much that can be found in the Latin and even in the Teutonic countries of Europe. Only a few of the ruder and smaller rock temples go behind the Christian era, the greater and more elaborate belonging to a more recent date, and it is but what the later history would lead us to expect when we find as regards recently recovered Buddhist sculptures that a sense of form begins to appear just as Greek influences become active in India, though the imitations stand at an immense distance from the originals.—Contemporary Review.

A Misnamed Island.

The island of Madagascar is misnamed. It should be called St. Lorenz island. Marco Polo in his work on Africa named a stretch of land on the east coast, south of the equator, Madagascar. Some time after this Martin Belhaim of Nuremberg prepared a chart of Africa, using Marco Polo's works as a guide, but misunderstood the report on Madagascar, thinking it meant an island. He thereupon deliberately added an island to the east coast. This imaginary island was mapped on the charts of the geographers of the fifteenth and sixteenth centuries. In 1500 the Portuguese sea captain, Fernando Svares, discovered the real island of Madagascar and gave it the name of St. Lorenz, and for a time thereafter two islands found their place on the charts. In 1531 it was known that there was really only one island, and in accordance with this discovery the original name of Madagascar was retained, and the other name was dropped.

The Way of Heather.

Where Sonnerbo township touches the boundaries of Halland there is a sandy heath which is so farreaching that he who stands upon one edge of it cannot look across to the other. Nothing except heather grows on the heath; and it wouldn't be easy to coax other growths to thrive there. To start with, one would have to uproot the heather, for it is thus with heather: Although it has only a little shrunken root, small shrunken branches and dry, shrunken leaves, it fancies that it's a tree. Therefore it acts just like real trees—spreads itself out in forest fashion over wide areas, holds together faithfully and causes all foreign growths that wish to crowd in upon its territory to die out.—"Adventures of Nils." Translated From the Swedish of Selma Lagerlof by Velma Swanston Howard.

Protecting Her Cake.

The woman who had charge of a certain village postoffice was strongly suspected of tampering with parcels intrusted to her care. One day a rosy cheeked youngster, dressed in his best clothes, entered the postoffice and carefully laid a huge slice of iced cake on the counter.

"With my sister the bride's compliments, and will you please eat as much as you can?" he said.

The postmistress smiled delightedly.

"How very kind of the bride to remember me!" she cried. "Did she know of my weakness for wedding cake?"

"She did," answered the youngster coldly, "and she thought she'd send yer a bit of it this afternoon, just to take the edge off yer appetite before she posted any boxes off to her friends"—Exchange.

The Artful Passenger.

"Here, you," said the conductor angrily, "you rang up a fare. Do that again and I'll put you off."

The small man standing jammed in the middle of the car promptly rang up another fare. Thereupon the conductor projected him through the crowd and to the edge of the platform.

"Thanks," said the little man. "I didn't see any other way to get out. Here's your dime."—Philadelphia Ledger.

Real Dialect.

At a traction line ticket office in Dayton, O., the other day I overheard the following conversation, the parties thereto being a German woman and the ticket agent:

"A dicket too Zinsin-nay-tee."

"One way?"

"Zwei ways."

Then as he stamped the ticket the purchaser asked:

"I tat dime to vaidt how much?"—Chicago News.

Two Ways Out.

"What would you do," asked the excited politician, "if a paper should call you a liar and a thief?"

The Eighth District Committee.

At a meeting of the Congressional State Democratic Committee, for the Eighth Congressional District of Virginia, held at the Prince William Hotel, in the town of Manassas, Virginia, on the 9th day of March, 1908, pursuant to a call issued by the chairman, the Hon. George S. Shackelford, there were present, the chairman, Col. Grenville Gaines; R. T. Green, Gardner L. Boothe and Thos. H. Lion. The following resolutions was adopted:

Be it resolved by the Congressional Democratic Committee for the Eighth Congressional District of Virginia, that a primary election, for the democratic candidate for the United States House of Representatives, be held throughout said District on the 9th day of June, 1908, between sunrise and sunset of that day, at all established precincts or wards, and as near as possible in the usual voting places therein; be it further,

Resolved, that at said election all known white democrats and those who have never before voted, who shall declare themselves to be democrats, shall be allowed to vote, provided they will be qualified to vote at the next general election in November, 1908; be it further,

Resolved, that all candidates shall file a notice, in writing, of their candidacy, with Hon. George S. Shackelford, of Orange, Virginia, on or before April 4th, 1908; be it further,

Resolved, that each candidate shall pay to the said Hon. George S. Shackelford, on or before the 15th day of April, 1908, his pro rata share of $1,500, that being the estimate of total expenses of conducting the said primary election; be it further,

Resolved, that any sum remaining after the expenses of said election are paid, shall be returned pro rata to the various candidates; be it further,

Resolved, that this election shall be separate and independent and not held in connection with any other primary.
